Moyer's Catering Readies for Popular Pig Roasts and Summer Catering Events

Boyertown, PA – (4-Apr-10) As the weather heats up, [Moyer's Catering in Boyertown](#) is gearing up for another season of [pig-roast parties](#), [hoagie trays](#), [corporate picnics](#), [steak dinners](#) and more in southeastern PA with their new summer menu.

"Spring and Summer are always the most anticipated seasons of the year," said Lori Erb of Moyer's Catering. "We always look forward to breaking out the pig roasters, designing a new warm-weather menu and preparing for the multitude of outdoor parties.

"New sandwich items we're featuring this year include pulled-pork, beef bar-b-que and chicken bar-b-que. For desert, our cookies are always a hit at Christmas, so we've added them to our summer menu as well this year including chocolate chip, oatmeal raisin, peanut butter and white macadamia nut."

Erb noted that pig roasts have been the signature service of Moyer's Catering from the beginning and continue to be a favorite for numerous events including corporate and graduation parties, holiday parties, family picnics, 19th-hole celebrations at golf outings, church gatherings, family reunions, neighborhood get-togethers and more. Erb recommends that interested customers call well ahead of time to lock in their desired date.

According to founder Larry Moyer, there's a key factor that makes his pig roasts the best around. "We use good old-fashioned charcoal fire," he said, "and you can't hurry the process. An average pig roast takes 10 – 12 hours to cook until it's perfect." Moyer's adds their potato filling, hot baked beans, sauerkraut, vegetables and more to make the ultimate delectable meal for groups of 40 and up."

According to Lori Moyer, they also provide a wide variety of 3' and 6' hoagies or a tray of precut hoagies for office lunches and the like. "Bar-b-que chicken and ribs are always popular for company outings and large picnics and our steak dinners are always a hit with golfers and home parties," she said.

The Moyer family has been providing catering services to the Berks, Bucks, Chester, Lehigh, Montgomery and Northampton County regions of Southeastern PA since 1978. Moyer's Catering is a family-owned and operated business specializing in delicious, affordable homemade foods.
