PA Pig Roasts Nearing End, Holiday Parties Moving in at Moyer's Catering

Boyertown, PA – (October 08) Locals looking to partake in a classic [pig roast in southeastern PA](#) still have time before [Moyer's Catering](#) packs the roasters away for the winter and focuses the catering menu on holiday party favorites.

"Throughout the fun but hectic summer season, we provide a lot of pig roasts," said Lori Erb of Moyer's Catering. "Pig Roasts are always a huge favorite of Moyer's customers but as the weather cools, we have to change the menu to match the season. Anyone looking to experience a legendary Moyer's Catering pig roast needs to act fast."

According to founder Larry Moyer, there's a key factor that makes his pig roasts the best around. "We use good old-fashioned charcoal fire," he said, "and you can't hurry the process. An average pig roast takes 10 – 12 hours to cook until it's perfect." Moyer's adds their potato filling, hot baked beans, sauerkraut, vegetables and more to make the ultimate delectable meal for groups of 40 and up.

Lori explained that as the weather cools, requests for hot food heat up. "The menu requests change from cold salads, cheeses and cold cuts to our delicious PA Dutch potato filling, homemade roast beef and other hot dishes. As we near the holiday season, this menu becomes very popular at private, corporate and organization's holiday parties.

"We specialize in providing friendly, professional and complete catered events including wedding receptions, corporate and golf outings, family picnics, funeral buffets, holiday parties, pig roasts, graduations and much more," Lori added. "We offer a full range of menu options to satisfy every taste and our chefs have assembled convenient party plans of our most popular menus to simplify our customer's planning. If they don't find what they prefer in one of our many party plans, we will gladly build custom menus designed specifically for their event needs."

According to their website (www.moyerscatering.com) the Moyer family has been providing catering services to the Berks, Bucks, Chester, Lehigh, Montgomery and Northampton County regions of Southeastern PA since 1978. Moyer's Catering is a family-owned and operated business specializing in delicious, affordable homemade foods.
